CHIP Task Forces are Forming: Join to Add Your Mark!

MAPP stakeholders at the 9/1 Reconnecting Meeting decided to form Task Forces (one for each focus area chosen during the *Data to Action* workshops) to maintain our progress on developing the CHIP. The Task Forces will review the objectives and indicators proposed for each Focus Area by the Chair(s) and Public Health's CAPE Unit and will help develop an evaluation plan. To join a Task Force or get more information about the process, please contact Vanessa Lopez at 209-558-4528 or vlopez@schsa.org.

CHIP Task Forces Enrolling Members

Broad Determinant: Access to Care

Public Program Enrollment and Access Task Force
Consumer Education and Empowerment Task Force

Broad Determinant: Education

Public Health Releases Gap Analysis for the Basic Needs Area

A draft of the 2009 Gap Analysis for Basic Needs has been completed. Public Health is asking MAPP stakeholders to review the draft report that contains a comprehensive inventory of resources in Stanislaus County within the domain of Basic Needs (resources for food, clothing, housing, utilities and childcare) as well as an estimate of the number of individuals and families in need. The report also specifies the location of available resources in various communities. The draft report with community-specific resource lists is available to review at www.healthierstanislaus.org. For questions or to suggest additions or revisions to the report, please contact Vanessa Lopez at 209-558-7554 or vlopez@schsa.org.
